

Learn for Life!

El Paso Public Library Association

El Paso Public Library has a 109-year tradition of serving the citizens of El Paso. Established in 1894, it is the first public library founded in the state of Texas. This is a tradition in which all of El Paso should take great pride.

Our Library has a rich history but our future is just as promising. Recent bond elections have called for the complete renovation of the downtown library. In the not too distant future, you will be able to use a new state of the art facility with ample seating and parking. The expanded Main library will have a 250-seat auditorium with a stage for musical and theatrical performances. The computer lab will include classroom facilities for training and more new computers and software for public use. The new facility will also include an audio/visual center where patrons of all ages may view their favorite DVD or listen to their favorite music CD. There will also be a brand new children's area and an area especially for teens.

Although the costs for this construction have been provided for, there exists the need for additional capital to purchase essentials such as new reading tables and comfortable chairs, new shelving for books, cd's and videos, reading materials for the shelves and other costs associated with the expanded service.

Help us pave the way for generations of El Pasoans to enjoy the library. How? With your generous tax-deductible gift you will receive a commemorative paver which will be incorporated permanently into the renovated Main Library building. You may choose to display your name or that of a close family member such as a child, parent or grandparent. How often are you presented with the opportunity to commemorate a loved one in such a wonderful way?

Be a part of our Walk of Honor!

For a tax deductible contribution, you can commemorate a special person in your life with a lasting tribute that your children and children's children can admire. Business and Corporate donors can show their support for the community by having their logos prominently displayed where they will be viewed by the thousands of visitors to the newly renovated Cleveland Square for years to come.

How does the program work?

For your generous donation, you will receive a concrete paver with your inscription or company name and logo. We will then reserve space for the paver in the walkway leading to the Library. The donations will go to purchase necessary materials such as shelving and books for the new building.

Method of Payment

☐ Check (payable to El Paso Public Library Association)

☐ Credit Card (Visa, Mastercard)

Credit Card #: _____ Exp Date: _____

Signature: _____
